These new paintings draw from resonances and rhythms that pervade nature and music. With this show, Eby departs from more musical delineated shapes found in earlier work to incorporate more luminous and fluid forms that express human and spiritual connection. Her works *Sappho* and *Anaís* refer to the poetic perspective while *Corona* speaks to the color of the highest chakra in the body, the crown chakra that connects the spirit realm with the universe.

The exhibition is on view at Winston Wächter Fine Art, 530 W 25th St, New York, NY 10001, USA.
